about **Chilli IQ**

## connecting leaders + ideas

We are a prominent organizer of conferences and summits dedicated to uniting brilliant minds with enthusiastic learners in the inspiring environments of top venues.

Chilli IQ boasts years of combined expertise in crafting innovative conferences and summits tailored to the evolving business landscape. What sets us apart, however, is our approach. We prioritize excellence and are committed to ensuring every detail of our events reflects this ethos – from speaker selection to venue choice and meticulous attention to detail.

Our primary goal is to lead the industry in knowledge delivery, which is a continuous journey of exploration. We are always exploring new paths and evolving to avoid complacency. At Chilli IQ events, whether attended as a delegate, speaker, sponsor, or endorsing association, we aim to enhance the value of participation by maximizing investments and fostering deeper understanding and awareness of the chosen business theme.

**"The Chilli IQ AI seminar was an absolute game-changer, specifically focusing on AI applications in the legal industry. With expert speakers exploring the potential, risks, and regulatory aspects, it offered an unparalleled deep-dive into the future of law. The event's superb organisation, excellent venue, and large turnout made it a must-attend.**

**Eagerly awaiting the next year's insights!"**

# about the event

## The Lawtech Masterclass

Keeping up with the fast-paced technological advancements can pose a significant challenge. To maintain a competitive edge, staying updated on the latest innovations is essential.

Explore the Lawtech Masterclasses, a set of IT workshops crafted to enhance your expertise, keep you abreast of developments, and lead you towards industry leadership.

Participate in Sydney and Melbourne to engage with top experts in the dynamic technology field, fostering knowledge exchange and networking opportunities. This event presents a valuable chance to further explore the rapidly evolving industry.

## What you will learn

The masterclass is an opportunity to discover the latest topics in legal technology to be updated and inspired, including these topics :

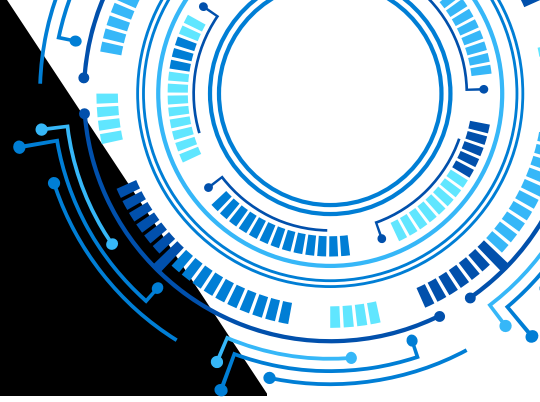

**ARTIFICIAL INTELLIGENCE** : In 2024, these rapidly evolving technologies will be integral for legal research, contract review, and the drafting of legal documents. Learn how to utilise them for best results.

**LEGAL PROJECT MANAGEMENT** : aligns legal objectives more closely with business outcomes and enhances the visibility of the legal department's value to the organisation.

**PROCESS AUTOMATION** : automation will likely penetrate deeper into the legal department's core activities, further optimising the in-house workflow.
